

We're making 2 big, big cows - or maybe 3!

This is how we'll do it:

-The structure of the head will be made of cardboard & covered in white paper

The body will be cardboard w/ white paper over it. There will be big hoops inside the body to give it structure..

The legs are white paper - stapled together w/ twill tape suspenders

....and of course all the spots will be painted

...Oh yes, and those udders!

The udders will be painted paper

cut into the shape of 2 large, 4 finger gloves

The gloves are stapled, of course.

*The kidz in the back of the cow
will be able to wave the udder about!*
